

# Innocademy Application for Scholarship

In examining all of our opportunities for field experiences, we try to maintain the idea that one third of the expense of the trip could be paid by Innocademy, one third from fundraising efforts by the student and the final one third to be paid by the family.

With that end in mind, please understand that we will make our best effort to provide assistance to any family where the current financial situation necessitates aid (ie: job loss, health care expenses, etc. - an upcoming family vacation would not be considered a scenario where we would provide assistance). We do ask, however, that you work with us by examining your family's budget to determine exactly how much you can afford to contribute. We also ask that, should your financial situation change, you contact us so that we can make an adjustment in the scholarship we've granted your family. This will also allow us to, perhaps, offer assistance to others in need.

## *Scholarship options can take three different forms:*

- 1) Your family receives a loan (interest free) from Innovative Education Services and we establish a payment plan with an amount to be collected each month over the course of the school year.
- 2) Your family receives a partial scholarship and is able to pay the remainder either in one lump sum or over the course of the school year as with the payment plan above.
- 3) Your family receives a full scholarship to be added to the one third your student has accumulated through fundraising opportunities.

In an effort to make certain we are able to award the most appropriate scholarship option for your family, please provide the information requested and return to an Innocademy Staff Member as soon as possible.

Student Name(s): \_\_\_\_\_

Field Experience: \_\_\_\_\_ Total Cost \_\_\_\_\_

Which scholarship option are you applying for?    Option #1    Option #2    Option #3

Please explain your current financial situation:
